

# Introduction to Artificial Intelligence

Week 2

How AI is changing  
the world?

Due to AI, which things will be  
obsolete in the near future?

# Reason about the following Questions

- The thing you identify to be obsoleted by AI in the near future:
  1. Will bring a positive change towards humanity or a negative change?
  2. Explain the pros and cons of this change.

Wear your thinking cap  
and discuss the question  
in the next slide

Can AI be smarter than Humans?

If Yes, How do you justify?

If No, How do you rationalize?
